OUR OFFICE AND STORAGE FACILITIES LOCATED 1 MILE SOUTH OF ROGERS ON HIGHWAYS 71 AND 62

## Where We Are . . .

We are located in Arkansas — in the northwest corner county (Benton), only twelve miles south of the Missouri line and twenty-six miles east of the Oklahoma line; eighty-one miles almost due north of Fort

Smith, Arkansas, and eighty-three miles almost due south of Joplin, Missouri; one hundred twenty-nine miles east of Tulsa, Oklahoma, and one hundred six miles southwest of Springfield, Missouri. On Federal highways 71 and 62, just south of Rogers, Ark.

ON THE TIP TOP OF THE OZARK MOUNTAINS where our growing season is

almost thirty days shorter than at Fort Smith, Arkansas. Our summers are short and nights are cool, and our growing season more like that of North Missouri, Iowa and Nebraska, than Eastern and Southern Arkansas.

Hence, our stock is well adapted to the extreme Northern, Eastern and Western States as well as being the best for Southern States.

## DO YOUR PART

By Planting a Vegetable Garden Now

### BEANS

Pkt. 10c; 7 oz. 30c;  
14 oz. 45c; 2½ lb. 90c

**IMPROVED GOLDEN WAX.** Early bush, stringless.  
**STRINGLESS GREEN POD.** Bush. Deep green color.  
**TENDERGREEN.** One of the best bush beans grown. Entirely stringless.  
**BOUNTIFUL.** Very early and a heavy bearer. Delicious.  
**KENTUCKY WONDER.** Pole bean with the finest quality.

**1,200 to One Beans—A Gigantic Wonder.** Over 200 pods have been grown on a single plant—all well filled, producing over 1,200 beans from one bean. Strong, erect plants, bearing pods well up from the ground. Order now as supply is limited.

Pkt. 10c; 7 oz. 35c; 14 oz. 60c

### BEETS

Pkt. 10c; 1 oz. 50c; ¼ lb. \$1.50

**DETROIT DARK RED.** Sweet and extra tender.  
**CRIMSON GLOBE.** A home and market variety. Medium late.  
**CROSBY'S EGYPTIAN.** Extra early, crisp and very tender.

### CABBAGE

Pkt. 10c; 3 Pkts. 25c

**EARLY JERSEY WAKEFIELD.** Extremely early. Heads conical and firm.  
**COPENHAGEN MARKET.** Splendid for early market and shipment.  
**PREMIUM LATE FLAT DUTCH.** Late. Very large, sure header and good keeper.

### CARROTS

Pkt. 10c; 3 Pkts. 25c; 1 oz. 40c

**DANVERS HALF LONG.** Very smooth, rich orange color.  
**OXHEART.** Early favorites, short, thick, blocky.  
**CHANTENAY CORELESS.** Sweet, tender, entirely coreless.

### CUCUMBERS

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 95c

**BOSTON PICKLING.** Best for pickling. A great producer.  
**LONG GREEN.** Fine for slicing and canning. Tender, crisp.

**KEEP THE  
Food  
Production  
Line Going**

### SWEET CORN

Pkt. 15c; 7 oz. 25c;  
14 oz. 45c; 2½ lb. 85c

**WONDER BANTAM.** Tender, yellow and full of flavor.  
**STOWALL'S EVERGREEN.** Hardy and highly productive. Sweet, white.  
**BLACK MEXICAN.** One of the best and tenderest sweet corns grown. White when ready for eating.  
**COUNTRY GENTLEMAN.** White shoe-peg variety, sweet and tender.

#### HYBRID

**GOLDEN CROSS BANTAM.** Bred for wilt resistance, 7 to 8 ft high, usually 2 ears to stalk 7 to 8 in. long, light golden kernels 10 to 14 rows.

Packet 15c; 7 oz. 35c;  
14 oz. 60c; 2½ lb. \$1.20

### Grow Your Own DILL

70 days. Annual. The young stems are nice for flavoring soups and sauces and are used extensively in a minced state with lettuce. The edry or green branches and seeds are much prized for flavoring dill pickles. 2 ½ ft. tall.

Pkt. 10c; 3 Pkts. 25c

### EGG PLANT

Pkt. 10c; 3 Pkts. 25c

**BLACK BEAUTY.** Popular home and market sort, commonly bear 4-6 large fruits which are smooth, broad egg shaped; uniform, very rich dark purple.

### LETTUCE

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 85c

**NEW YORK (WONDERFUL).** Immense size heads, crisp tender leaves.  
**BLACK SEEDED SIMPSON.** A leaf variety with large, light green leaves.  
**BIG BOSTON.** Early head, solid, light golden heart.  
**EARLY CURLED SIMPSON.** Sweet and good quality loose leaf.

### MUSKMELLON

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 60c

**SUGAR ROCK.** The rind is tough and the flesh firm; good shipper.  
**HONEY DEW, THE FAMOUS MELON.** Green flesh, fine for home and market. Juicy and sweet.  
**HALES BEST.** Sweet, sugary, salmon flesh. Early.

### ONIONS

Pkt. 15c; 2 pkts. 25c

**EBENEZER.** Extra early, long keeping, mild onion.  
**WHITE SWEET SPANISH.** Large, mild and sweet, pure white, good keeper.

### OKRA

**WHITE VELVET.** Extensively grown for home use and local markets.  
**DWARF LONG GREEN POD.** Early and very prolific.

Pkt. 10c; 3 pkts. 25c; ¼ lb. 40c

**Be Sure to Look For Flower Seeds  
Listed on Page 10**

### PEAS

Pkt. 15c; 7 oz. 25c;  
14 oz. 45c; 2½ lb. 85c

**EARLY ALASKA.** A smooth early variety and excellent for canning.  
**AMERICAN WONDER.** Early and one of the best.  
**THOMAS LAXTON.** Mid-season, medium growing, fine flavor.  
**LITTLE MARVEL.** Unsurpassed in quality and productiveness.

### Try This New American Drought-Proof PEA

Laughs at Drought, Smiles at Rain. For midsummer planting this is the variety to plant. If it rains and the soil is kept moist, this variety will produce as large a crop as any variety we know of. If it doesn't rain, and it gets hot and dry, you will get a crop anyway. The handsome round pods are well filled with from 7 to 10 peas in a pod; quality excellent, sweet and tender, even when the peas are large. Vines grow 2 feet high, and require no support. This is the pea that will do its best in the North, South, East or West. Don't fail to give it a trial.

Pkt. .... 10c  
7 oz. .... 35c  
14 oz. .... 60c  
2½ lbs. .... \$1.20

### PUMPKIN

**JUMBO.** Largest of all, often weigh from 100 to 300 lbs.  
**SWEET POTATO.** The best for making pies and custard.  
**NEW ENGLAND OR PIE.** The earliest and best for pies, good shipper.

Pkt. 10c; 3 pkts. 25c; ¼ lb. 85c

### PEPPERS

Pkt. 10c; 3 pkts. 25c

**CALIFORNIA WONDER.** Large, sweet, crisp and tender.  
**LONG RED CAYENNE.** Bright red color, strong and pungent.

### RADISHES

Pkt. 10c; 3 pkts. 25c; ¼ lb. 60c

**WHITE ICICLE.** Extra early, mild, tender.  
**EARLY SCARLET WHITE TIP.** Tender and crisp, sweet flavor.  
**CRIMSON GIANT.** Superior home and market garden sort, of unexcelled quality.

### PLANT A GARDEN FOR DEFENSE OF COUNTRY AND HOME

Protect your family's health and contribute to Victory by eating vegetables grown in your own back yard.

# IN THE WAR!

## RAISE VEGETABLES

### for your HOME & NATION

### New Climbing WATERMELON

A superb variety that may be trained and tied to trellis, etc. Melons about the size of large cocoanuts; crimson flesh of the highest quality; rich and sweet. Fruit ripens for a long period, unlike other sorts which ripen their fruit mostly at one time. An ideal melon for the small garden.

Pkt. 10c; 3 Pkts. 25c

### Vine Peach

Ripe fruit in 80 days after seed is planted. This wonderful Vegetable Peach is the most beautiful of all vegetables. They resemble oranges in color, shape and size and grow on vines like melons. They present a beautiful and tempting appearance when canned and make delicious preserves and pickles; fine for pies. There is nothing like them. Extremely early; of the easiest culture, and very prolific.

Pkt. 10c; 3 Pkts. 25c

**WE PAY THE POSTAGE ON ALL SEED ORDERS**

### GARDEN

**BE SURE TO PLANT SOME OF THE NEWER VARIETIES THIS YEAR**

### VEGETABLE SPAGHETTI

This delicious new vegetable from Persia thrives in all climates and in any ordinary garden soil. Each plant produces from six to ten beautiful bright yellow, oblong fruits about 8 to 10 inches long. Each fruit is filled with a delicious spaghetti-like pulp. When fully ripe, the whole fruit (without cutting or peeling) should be cooked 20 minutes in boiling water; then cut in half. A dishful of this delicious vegetable spaghetti comes out of each fruit. Season with salt, pepper and butter and serve hot. This remarkable vegetable is one of the most valuable and useful of recent introductions, and should be grown in every garden.

Pkt. 10c; 3 pkts. 25c

### TOMATOES

Pkt. 10c; 3 Pkts. 25c; 1 oz. 45c

**EARLIANA.** Earliest, smooth skin, uniform.  
**MARGLOBE.** Globular, almost coreless.  
**BREAK-O-DAY.** Early, wilt-resistant, large fleshy, good quality.  
**RUTGERS.** One of the best for home and commercial use.

### COLOSSAL

This is a large tomato, being even larger than the famous Ponderosa. Many planters in different parts of the country have grown Colossal Tomatoes weighing over 3 lbs., and some more than 4 lbs. Not only does the Colossal produce giant fruits but it produces them in abundance. One planter in Illinois raised over a ton of tomatoes from 186 plants. The very thick, meaty flesh, few seeds, and mild flavor combine to give the Colossal a quality on a par with its immense size. Unsurpassed for slicing or canning.

Pkt. 20c; 3 Pkts. 50c

**MORE SEEDS LISTED ON PAGES 9 and 10**

### Garden HUCKLEBERRY

The Garden Huckleberry produces from seed the first year. A new fruit that cannot be excelled for pies and preserves. Very prolific, yielding an immense crop of fruit. It is an annual and must be planted each year from seed. Grows and thrives in all climates and on all kinds of soil. The fruit grows larger than the common huckleberry or blueberry. If cooked with apples, lemons or anything sour, they make the finest jelly. You will be delighted and astonished with this easily grown, wonderful novelty.

Pkt. 10c; 3 Pkts. 25c

### NEW GUINEA BUTTERVINE

*One of the Most Delicious of All Vegetables*

The New Guinea Butter Vine is a wonderful vegetable. Grows to enormous size, one fruit often weighing 15 lbs. and from 3 to 5 feet long. In growth it is similar to the squash, and can be grown in the same manner or can be trellised up. It is more productive than squash and much easier to grow. The vines are always free from disease and insect pests, and stand more neglect and abuse than any other vegetable vine we know of. The fruits should be eaten when small, while the fuzzy growth is yet on. It can be cooked like squash and fried like egg plant. When cut up in small pieces and cooked with cream, or fried, it is most delicious. If trellised up, the vines take up so little space, no garden is too small for at least two or three plants.

Pkt. 10c; 3 Pkts. 25c

### The "FROST-PROOF" BEAN

Pkt. 10c; 7 oz. 35c; 14 oz. 60c;

2½ lbs. \$1.20.....

You Can Plant it Early with the Radishes. 75 days. **ENGLISH BROAD BEAN.** Sometimes called the "frostproof bean." Different and unusual. Plant with your early garden at the same time you plant radishes and onions. Very hardy. Its growing habit between a bush and vine. Shell beans are large and have a distinctive flavor.

## FREE!

With each order for seed amounting to \$3.00 or more, we will include FREE a big package of our Famous Flower Garden Mixture. Contains over eighty different varieties.

### Plant SWISS CHARD for Greens

**GIANT LUCULLUS.** 55 days. The rich green, fleshy, heavily crumpled leaves of this variety make very tasty "greens." The erect plants attain a height of 2 to 2½ feet. Largely sought after by those who prefer the thick, creamy white stems or stalks which are edible and tender, and may be served as a separate dish like asparagus. The leafy part can be cooked like spinach or turnip-greens, or if desired, the whole leaf can be boiled and served as "greens." There is a delicious, delicate flavor not found in either turnips or kale.

Pkt. 10c; 3Pkts 25c

### MUSTARD

**SOUTHERN CURLED.** Leaves large light green finely curled, and have a mild agreeable flavor. It also makes a fine greens for poultry.

Pkt. 10c; 3 Pkts. 25c; ¼ lb. 60c

### SPINACH

**BLOOMSDALE SAVOY.** Extra dark green strain. A new, beautiful, better and darker strain. Its glossy green color gives the plants a fresh appearance for a longer time and it is quite early. The leaves are large, fleshy and deeply crumpled. The plants are of upright growth.

Pkt. 10c; 1 oz. 25c; ¼ lb. 75c

### GROW YOUR OWN COFFEE

**COFFEE — One Cent per Pound**

Grow your own coffee at an expense of less than one cent per pound. The Domestic Coffee Berry makes a delicious, nourishing drink, to take the place of injurious coffee. It is a pure food drink that gives health and strength to young and old. The best coffee substitute ever discovered, and thousands pronounce it as good or better than the best coffee. It has the rich, deep brown color of old Java. One of the easiest grown and most productive of all plants. It is an early variety of soy bean; can be successfully grown in any climate, and is sure to ripen even in the extreme North. As easily grown as corn or beans, and does well on all soils. Thousands suffer untold injury from store coffee. Better grow some of the domestic Coffee Berry this year and save your health and money. Prepared like any other coffee. Full directions with every packet.

Pkt. 10c; 3 Pkts 25c  
Postpaid

## ORDER YOUR SEEDS EARLY!

**They Will Probably Be Scarce This Year**

### Mammoth Prize WATERMELON

Mammoth Prize is a large Watermelon. Many grow to from 100 to 150 lbs. On 1 vine 5 melons were grown that weighed 152, 151, 149½, 148¾ and 147 lbs., the five weighing a total of 748 lbs. The seed we offer is extra select, and should produce fine, sweet, juicy melons of excellent quality and enormous size.

Pkt. 10c; 3 Pkts. 25c; ¼-lb. \$1.00

### WATERMELONS

Pkt. 10c; 3 Pkts. 25c; ¼-lb. 65c

**TOM WATSON.** An old favorite, flesh is deep bright red. **CALIFORNIA HONEY.** A small type melon just the right size to fit into your ice box.

**KLECKLEY'S SWEET OR MONTE CRISTO.** One of the earliest, flesh scarlet, firm, solid and of delightful flavor.

**STONE MOUNTAIN.** Fruits very large, broad, oval, flesh red, crisp and sweet.

## YOUNGBERRY

The new Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily but the fruit is easy to handle; it is very attractive, ships well, keeps well and cans well. It has so many commercial possibilities and it fits in so well in the home garden that everybody should be interested in having a few vines or a commercial planting. The Youngberry is the result of the careful and patient efforts of Mr. Young in crossing the Loganberry and the Texas Dewberry. It has given the world its choicest bush berry with characteristics in size, appearance, flavor and general usefulness that has opened new possibilities in berry culture. Youngberries are universally liked and easily grown. They are among the largest berries; of dark wine color, have a minimum of seed, highly flavored and yield a rich looking cherry colored juice. In the home garden you will find that more fruit will be produced from a few Youngberry bushes than any others that will grow on the same amount of ground. Youngberries thrive where any other berry fruits grow but do best in states of the same latitude as Ohio and South.

6c each; 60c per dozen \$4.00 per 100; \$30.00 per 1000

## Um-m-m! STRAWBERRY SHORTCAKE

HICKS—Large and bears fruit during the four summer months.

STUBBS—Excellent quality and enormous size.

### Plant the New

## BOYSENBERRY for Handsome Profits!

Said to be the largest and finest vine berry ever introduced. The Boysenberry is a new variety produced by crossing blackberries, raspberries and Loganberries. The flavor is a very pleasing blend of these varieties. It has few and soft seeds. The plants are very vigorous and hardy, coming through in good condition, without injury, in temperatures as low as 19 below zero. The berries are extremely large, many of the berries getting more than two inches long and over one inch in diameter.

Ea., 9c; 10, 80c; 100, \$7.00; 1000, \$55.00

Order Collection No. 12

### Our Extra Large

## ALL-PURPOSE TREES

Ideal for Orchard Replants—Quick Pollenization—Home Plantings—Heavy Rooted Early Bearing Specimen Trees.

We are offering you an opportunity this year to buy some older more developed Apple Trees. For a good many years we have had requests for larger, older trees than the ones we had been offering and we have grown these trees especially for the purpose of giving you just the thing you have asked for.

The Trees are recommended for replanting in existing orchards where quick results are desired; also they are found invaluable for planting in orchards where quick cross pollenization is desired. Many of the varieties offered are now set with bloom buds!

These trees are ideal for the small planter who desires quick results from a home orchard and where there is only room for a few trees to be planted.

We strongly recommend these trees for any purpose where a heavy caliper, large top, and extra heavy rooted tree is desired. These trees are not less than six feet in height and from two to four years in age.

# UNCLE SAM WANTS YOU TO GROW MORE—for VICTORY

## SEEDS FOR POULTRYMEN

### Chisha, or Chicken Lettuce

You have, no doubt, read in the poultry journals that lettuce is an excellent feed for chickens. In the Chisha Lettuce you will find a feed that yields as much or more than other green feeds. It is economical to grow this strain, for when cut it resumes its growth rapidly and can be cut again and again; or the leaves can be pulled off each stem like the Jersey Kale. The yield is extremely heavy. Chisha, or Chicken Lettuce, does not make a head, but sends up a stout stalk, 3 to 4 feet high, and just loaded with leaves.

Pkt. 10c; 1 oz. 40c;  $\frac{1}{4}$  lb. \$1.20

### POULTRY CABBAGE

Is a wonderful green food for poultry and has been known to yield 3 tons in a space 40 by 60 feet. You can't beat this for low priced feed. One-half pound of seed will grow enough greens to feed about 1,000 hens for four months; 3 pounds to an acre for 6,000 hens for four months. Poultry Cabbage is a rapid grower. In the Northern States the seed may be sown any time from early spring until the middle of July. In the South, seed may be sown throughout the entire year.

Pkt. 10c; 3 pkts. 25c; 1 oz. 50c

### MAMMOTH RUSSIAN SUNFLOWER

Sunflower seed is an excellent poultry feed at all times, and especially during the molting season. Single heads often measure 12 to 22 inches in diameter and contain an immense quantity of seed.

Pkt. 10c;  $\frac{1}{4}$  lb. 35c; 1 lb. 80c

### POULTRY BEET - MANGEL WURTZEL

Furnishes a tremendous yield per acre and makes an excellent green feed for poultry during the winter months and always increases egg production. Mangel Wurzels are excellent food for cattle and keep them in perfect physical condition and increase the flow of milk. Only a little garden space will be required for growing enough to last all winter, and they are very productive. Stored in cellar or any cool place, they will keep until spring.

Pkt. 10c; 3 Pkts. 25c;  $\frac{1}{4}$  lb. 85c

### PROSO The WONDER EGG and MEAT PRODUCING Poultry Grain

Here is a new Poultry Grain that owes its origin to Russia, that enables you to raise your own feed. If you only have a small plot of ground, you can make an enormous crop. Proso is unlike anything you have ever seen in this country. It grows more rapidly and matures quicker than other grains. It reaches a height of three to four feet, stools and branches making fifteen to twenty-five heads instead of one. That is why it yields such enormous crops from such unbelievably small plots of ground.

Wonder Egg and Meat Producer  
for Chickens, Ducks and Geese

Proso makes a splendid mash when ground alone. When feeding with corn or oats the ratio should be four parts Proso to one other grain. It may be fed in bundles as the kernels are readily scratched out of the heads, or it may be fed as clean grain from the thresher. Produces more eggs and meat per bushel than ordinary grains.

Fine for Hogs, Cattle, Sheep. Grows  
Anywhere. May Be Planted Late.

Although a native of Russia, Proso does better, grows faster and matures quicker in our climate. During the fifteen years since it was first introduced into this country it has become acclimated so that it now grows here just as well as our native crops. It may be planted any time after corn planting time up to the middle of July.

7-oz. pkg. 45c —  $2\frac{1}{2}$  lbs. \$1.20 — 5 lbs. (1 acre sowed in drills) \$2.00 —  $12\frac{1}{2}$  lbs. (1 acre broadcast) \$4.00 — 25 lbs. \$7.00

## Why Not Have GORGEOUS BLOOMING FLOWERS THROUGHOUT THE SUMMER

★ Order Early — Avoid Delay — Remember Seeds Are Prepaid ★

### Dahlia-Flowered GIANT ZINNIA

This type bears flowers of mammoth size and in form like a perfect Decorative Dahlia. The plant is a strong grower and flower stems are long and stiff. This remarkable variety includes a complete range of delicate, bright and rich colors from white, yellow, lavender and rose to orange, scarlet and crimson. A wonderful cut flower.

Pkt. 10c; 3 pkts. 25c

### ANGEL'S TRUMPET

Large tropical leaves with trumpet-shaped flowers—pure white and as fragrant as jasmine. Blooms indoors in winter, and in the garden in the summer.

Pkt. 20c

### GIANT ZANZIBAR PALM

Zanzibarilensis—Ornamental Foliage Plant From seed of this variety, sown in the open ground in May, the plants are in full foliage early in July. They attain a height of 12 to 14 feet and form a perfect pyramid of foliage and brilliantly colored fruit, presenting a beautiful tropical appearance. Enormous leaves, 2 to 4 feet across, and highly colored light and dark green, coppery-bronze and dark green with reddish ribs. The plants are a repellent to Moles and the foliage is death to Japanese Beetles and Grasshoppers.

Pkt. 10c; Oz. 25c

### MEXICAN FIRE PLANT

(Annual Poinsettia)

A variety of Poinsettia which grows quickly to a height of 2 1/2 to 3 feet from seed sown in the open during May. About the middle of summer, the top central leaves turn to rich orange-scarlet, similar to the famous greenhouse variety of Poinsettia which is so popular about Christmas time. A blaze of glory throughout the summer and fall. Can also be grown as a house plant.

Pkt. 10c; 3 pkts. 25c

### SHOO-FLY PLANT

It is said that flies will not stay in a room where it is grown if they can conveniently escape. What it is about it that repulses them is not clear, as the plant and flowers have no odor. It is a beautiful flowering plant, and blooms in a short time (60 days) from seed. It is a profuse bloomer in pots both summer and winter, the blooms being large, cup-shaped and of a lovely light blue color with white center.

Pkt. 10c; 3 pkts. 25c

### MIXED PETUNIAS

This mixture contains a good range of brilliant and impressive colors and these hardy plants retain a continuance of blooms until frost. Their blazing array of color makes any display an object of admiration and beauty when stocked with these vigorous and profuse growers.

Pkt. 10c; 3 pkts. 25c

### CACTUS SEEDS

Cactus make most interesting house plants, extremely odd and curious, and many have generous and beautiful blossoms, sweet scented, and blooming profusely. These oddest of all plants grow in many shapes and sizes, are easily grown, thrive and bloom with very little care, and endure the heat and dryness of the ordinary living room. Much pleasure may be derived in growing them from seed. Everyone is delighted and surprised at the odd appearance of a Cactus just sprouting. If you desire a fine collection of rare varieties, sow the seed in pots or boxes in a warm room in moist sand, and the seed will grow quickly. We have fresh seed of a mixture of choice varieties.

Pkt. 10c; 3 pkts. 25c

### SWEET PEAS

Special Blends—Early Flowering

FINEST MIXTURE. A well-balanced and complete mixture of all the best named varieties in a wide range of colors, producing a most pleasing effect.

Pkt. 15c; 1/2 oz. 20c

Oz. 35c; 4 oz. \$1.00

### ORNAMENTAL GOURDS

Calabash Pipe — Dishcloth — Nest Egg — Pear-Shaped — Powderhorn — Sugar Trough A fine mixture of rare, useful, ornamental varieties.

Pkt. 10c; 3 pkts. 25c

### Ostrich Feather Asters

We are now offering improved strain of Giant Ostrich Feather, and consider it the finest of all Asters. The plants are about 2 1/2 feet high, robust in growth, and branch freely, and are loaded with magnificent feathery, full, fluffy flowers par excellence. Beautiful mixed colors.

Pkt. 15c; 2 pkts. 25c

### BALSAM PEAR

Ornamental Vine with Edible Fruits A very ornamental and curious climbing vine with glossy green foliage. Pear-shaped ornamental fruits known to Chinese as La-Kwa, and used extensively in China as a food for human consumption. Usually prepared for the table by boiling the fruits before they are ripe. Give it a trial, both as an ornament and as an addition to your list of edible fruits.

IN WRITING US, please don't put your letter on the sheet with your order. Put your letter on a separate sheet, so that we can answer your letter WHILE THE ORDER IS BEING FILLED AND WILL NOT DELAY ORDER OR LETTER.

# Benton County Nursery Company

## OUR CASH PLAN ORDER SHEET

(FOR CREDIT PLAN ORDERS USE ORDER SHEET ON OPPOSITE PAGE.)

Be Sure to Read Ordering Instructions Carefully Before Filling In Your Order

Our Banks charge us 5 cents for collecting out of town checks. Please add this amount if you send check. No charge for Postal or Express Money Orders.

### GUARANTEE

On proper proof, we will replace free of charge, any trees, shrubs, etc., that prove untrue to label, or refund the amount paid. Because of the many factors over which we have no control, we cannot be responsible for the crop, nor for any amount greater than the purchase price. All claims, except stock not true to name, must be made within thirty days after receipt of order.

Check below how you want your order shipped:

EXPRESS      PARCEL POST      FREIGHT

☐☐☐

Unless you want us to use our judgment in giving you other varieties in place of any article we are out of, write NO here:

MR. \_\_\_\_\_  
(Write Here Name of Person who is to receive order.)

Ship To \_\_\_\_\_ State \_\_\_\_\_  
(Name of Town to be shipped to.)

Street No. \_\_\_\_\_ or R. F. D. No. \_\_\_\_\_ Box \_\_\_\_\_

Date \_\_\_\_\_ Amount enclosed \$ \_\_\_\_\_

Please Give Name of Express Office If Different from Post Office \_\_\_\_\_

If this order is to be shipped by parcel post, include 10c for each Dollar to pay postage, insurance, etc. If this order will amount to \$10.00 or more we will prepay it (except Balled and Burlapped Evergreens) to your Post Office or Express Office.

We will ship this order at the earliest favorable date, unless you specify when you want shipment made. Write here any special instructions you want us to have:

Quantity	Name of Variety	Size	Each Price	Total Amount

IF YOU HAVE MOVED since sending your last order, PLEASE GIVE YOUR FORMER ADDRESS BELOW

NAME \_\_\_\_\_

STREET \_\_\_\_\_

TOWN \_\_\_\_\_ STATE \_\_\_\_\_

If your order calls for any varieties we are out of, we will send nearest to the variety asked for that we possibly can, and will do our best to send something as good or better for your locality; unless you tell us not to substitute.

# OUR CREDIT PLAN ORDER SHEET

(FOR CASH ORDERS USE ORDER BLANK ON OPPOSITE PAGE)

Our Banks charge us 5 cents for collecting out of town checks. Please add this amount if you send check. No charges for Postal or Express Money Orders.

## Benton County Nursery Company

ROGERS, ARKANSAS

On orders amounting to Ten (\$10) Dollars and up, we will be glad to make the following terms to responsible people in order that you may buy and plant what Nursery Stock, Seeds and Plants you will need, while the season is on to plant them and pay the balance due on them after they are planted. This enables you to have the stock coming on while you are paying out the balance due.

In buying on our credit plan your order must amount to \$10 or more. To each dollar your order amounts to, add 6 cents. This is done to defray the extra expense of taking care of the Credit Plan orders.

One-half of the amount of the order is to be paid down with the order, or before shipment date. The balance due is to be paid in three equal payments, as follows: One-third of the amount due to be paid one month (30 days) from date of shipment. Second payment of one-third of the amount due is to be paid two months (60 days) after date of shipment. The third payment of one-third the amount due is to be paid three months (90 days) after date of shipment. You may if you prefer send a deposit of 20 per cent of the amount of the order and we will ship C. O. D. for the balance due on the first payment.

We prepay transportation charges on all orders amounting to \$10, and up, except Balled and Burlapped Evergreens. Be sure to give your Post Office and Express Office if your Express Office is not same as your Post Office.

We guarantee our stock to reach you in good condition. If found otherwise, return to us immediately by express or mail, and we will refund every penny paid to us and paid by you for express or postage. Weather and soil conditions, and the way stock is handled after it leaves us have much to do with stock growing off and doing well, all these being beyond our control. You can see that we cannot guarantee anything to live and grow, because that depends entirely upon conditions beyond us, and in making this order you agree.

Find enclosed \$\_\_\_\_\_ One-half of the amount of this order. Thirty days after shipment of this order I will send you one-third of the balance due and same amount each 30 days thereafter until the balance due is paid.

**I submit following statement of facts to induce you to extend credit on easy payment basis:**

I have lived here since \_\_\_\_\_ (Own or rent home) \_\_\_\_\_
